DETAILS - DP525™ / DP575™ DIGITAL MAILING SYSTEMS

1. Self-Aligning Feed System with Maximum Flexibility
Envelopes are fed straight to protect the contents, yield precise postage printing, and guard against wasted postage. The wide feed deck provides smooth handling of materials ranging from postcards to 10" x 13" flats and a thickness of up to 5/8". (Adjustment knob for thicknesses over 3/8".)

2. Fast Processing
Automatic feeding, sealing and imprinting postage on up to 175 envelopes per minute. The job gets done quickly and efficiently.

3. Integrated Weighing Options
Choose from several integrated weighing options to enable easy processing of correct postage on individual, oversized pieces. Optional 10 lb. integrated weighing platform shown.

4. Tip to Tip Sealing Protects Envelope Contents
Pressure and transport rollers work together to provide a positive seal securing contents of the envelope.

5. Weigh-on-the-Way®
In line weighing eliminates sorting by weight and size. Each piece is weighed and measured and the proper postage is applied.

6. Control Center Offers Easy Set Up And Processing
All the system's functions, including updates, are activated and controlled from a central point. The IntelliLink® Control Center provides clear instructions for system set-up and processing functions. Store up to 25 routine jobs. Manage, track and charge back postage expenditures. Select carriers, rates and services. Download new rates directly to your machine. Apply Postage-By-Phone® with one touch.

7. Easy Access To Postage Tapes
Manage envelopes and parcels. The self-adhesive roll tape dispenses cut-to-size tape eliminating waste. The auto tape feature allows the system to automatically generate a tape for heavier mail when it is placed on the scale. New tape is replaced quick and easy.

8. 4" Stacking Capacity For Efficiency
Neatly stacks mail for optimum productivity. Full sensor on stacker eliminates overflow.

A MAILING SOLUTION FOR INCREASING PRODUCTIVITY

REALIZE FIRST RATE PRODUCTIVITY
Mail is a crucial element for growing your business and retaining your hard-earned customers, and it's a proven tool for acquiring new ones. The DP525™ and DP575™ Mailing Systems are smart, fast and reliable resources for a busy and active office. They have been designed with multiple options and efficient features for stress-free handling and quiet operation.

New Levels of Simplicity and Productivity
The DP525™ and DP575™ comply with present and known future postal regulations. They include IntelliLink® Technology which connects you to a full range of USPS® Special Services in addition to other carriers rates and services, right from your mail center. Dynamic downloads mean your system stays current with minimal effort.

Power Behind Each Mailing
Maximize your mailing operation with additional features.

- Postage Payment Options - Prepay for postage, get a postage advance, or earn interest on the balance in your reserve account.

- USPS® Special Services - Online Delivery Confirmation™ and Signature Confirmation™ for First-Class™ Parcels, Priority Mail™ and Package Services.

- USPS® & Carrier Rate Updates - Easily download the new rates when you need them.

- My Account - Online access to your account information to order supplies and request service.

Full range of carrier rates and services right from your mail center.

The control center offers ease of use and access to services.

Add messages to your mail with a choice of downloadable envelope ads.

Gain Operational Accountability

We make it easy to account for all your postage expenses.

Standard INVIEW™ Accounting
Tracks and displays expenses for up to 50 accounts. A built-in keypad allows the full naming of accounts. Speed codes provide for quick selection and 15 operator access, transaction level data and enhanced reporting capabilities.

Expanded Accounting Options
Increase your reporting capabilities and expand your accounts up to 1500. Maximize visibility and control with our PC based accounting solution.

Simplified Rating
All rate selections are made through the control center and are easily updated. The weighing options include both USPS® Domestic and International rates along with optional basic carrier rates.

Automatic feeding, sealing and imprinting of postage onto standard envelopes and oversized pieces.
